## Drylin Linear Assembly Parts - Carriage Only

Carriage Only. To make an assembly you will also need a guide rail, or a rack/rail and pinion as listed in separate categories.

Linear sliding motion. Plain and Locking Types. These carriages require a matching guide rail or matching rack and pinion. Match by size.

Drylin® T linear guides are maintenance free and run without additional lubrication.

Consequently, they are also suitable for use in damp or dirty environments.

Available with a manually operated clamp to achieve a force fit at any desired point along the travel path.

The wing screw is used to clamp the slide in place of the guide.

Matching components listed in separate category.

This catalogue to be read in conjunction with information at [http://www.minibearings.com.au/ogue/tech/linear/drylin\\_t\\_tech.pdf](http://www.minibearings.com.au/ogue/tech/linear/drylin_t_tech.pdf)
