

# MBA

## Tube - Round - Brass

Hollow round tubing for general hobby applications.

For general hobby applications.

May be slightly oversized on OD so some reworking may be required before fitting closely mating parts such as bearings.

For use with bearings we suggest you use items from the category - Shafting - Ground.

Many sizes fit neatly into larger sizes to allow for telescoping size applications.

Some items may be available in longer or shorter lengths. e-mail sales@smallparts.com.au with enquiries.
