INFORMATION

Spring loaded pull pins allow you to quickly retract and engage the plunger for locating, fastening and quick change operations.

Two part assembly includes a barrel and a plunger assembly. The plunger assembly screws into the housing. The housing is designed to be welded into place for strength.

Pulling on the handle of the plunger assembly retracts the plunger into the housing. Releasing the handle allows the spring loaded plunger to extend.

3/8-16 Threaded end so you can add your own handle or knob.

Aluminium housing 6061-T6, Steel pin 12L15.

Pull up force approx 2.2kg.
