Please ensure you check the website for full information before ordering pins. This catalogue is designed as a quick reference to help you find potentially suitable parts quickly.

Coiled Pins - are a heavy duty fastener similar to a roll pin, only much stronger. These are generally intended as semi-permanent fixtures, as they are not easily removed once assembled.

Type the part number from this catalogue into the search box on any web page for more information, pricing and availability.

## Tips

Please ensure you check the website for full information before ordering pins. This catalogue is designed as a quick reference to help you find potentially suitable parts quickly.

Coiled Pins - are a heavy duty fastener similar to a roll pin, only much stronger. These are generally intended as semi-permanent fixtures, as they are not easily removed once assembled.
